Don't seem to be no break in the line  
Don't seem to be no break boys  
They ruined my vision screwed up my eyes  
I'll tell you what I'm gonna do boys

I'm going back to schooldays  
I'm going back to schooldays  
I'm going back to schooldays to put them right

They tell me that it was like a film out here  
But it's a real horror show boys  
They told me that it was all black and white  
There's so many shades I can see boys

I'm going back to schooldays  
I'm going back to schooldays  
I'm going back to schooldays to put them right

Ain't nobody wants to know you when you're down  
And everybody wants to lose you when you're found

Now, if I think I might break even  
I might go home quietly  
I'll marry a rich girl but otherwise  
I'm going to raise hell and rightly

I'm going back to schooldays  
I'm going back to schooldays  
I'm going back to schooldays to put them right

Shake it, whew!  
Yeah, that's all right

Now, if I seem just a might confused  
Don't give me all of the blame boys  
Twenty-four years just obeying the rules  
No wonder I'm half-insane boys

I'm going back to schooldays  
I'm going back to schooldays  
I'm going back to schooldays to put them right

Yeah, yeah, yeah, yeah, yeah, yeah  
I'm going back to schooldays  
I'm a-going back to schooldays  
I'm going back to schooldays to put them right

I'm going back to schooldays  
I'm a-going back to schooldays  
I'm going back to schooldays to put them right  
To put them right, yeah, to put them right, huh
