Pre>doo doo etc

Am

She opens up and pulls you in, dabs a napkin on your chin

Em

She's like an ornament on a hood, does the mambo like a piece of wood

Am

Taking you under, taking you under, for the duration

The creamy liquid of your heart the vital substance that was part

Of every beat and rhythm that has come unglued and riven

Taking you under, taking you under, beyond sensation

Em

How could you lose so many things your keys your car your diamond rings?

Am

The very things that gave you inspiration

Em

How could you get sucked up like that how could you get so fucked up

Am

And let her treat you like an aberration

Em am

It's a character, character assassination

The monkey's paw and the powdered tusks the chicken feet and the corn husk em

The spanish fly and the ginseng root the snake oil and the lotus shoot am

Ran out of magic, ran out of magic and stimulation

How could you lose yourself like that? it seemed so pure and violent

Until she hit you up for small change and devastation  
How could you allow yourself to rot? now you're vacant  
that's your lot

Now you've got to stop this disintegration  
Like a character character assassination

Intro doo doos

How could you drop so many balls? how could you  
blow so many calls?  
And take so many falls and still keep on tripping  
How could you miss so many shots? how could you  
write so many plots?  
And wind up with a book that's less than gripping

You drop her hand like a dead leaf steal her heartbeat  
like a thief  
Crush the bones beneath her skin the marrow and the  
calcium  
Now you're under, now you're under investigation  
For a character, character assassination

Doo doos, fade /pre>
