A f#m

When I ask you for a light you don't turn the lights out

A f#m

When I'm looking for a fight you don't punch my lights
out

E a d

Sometimes they say love is invincible

E a d

I wouldn't go as far as to say that

E a d

One thing I know one thing is certain honey

E d

We're not dancing for money ooo oooo

When I ask you for a buck you don't call me deer

When I try to push my luck you don't twist my ear

Sometimes when i'm blind drunk I see it all

But I can't do anything about it

I fall on my face and jerk like a puppet honey

Just like dancing for money (then) instrumental verse

Familiarity breeds contempt so I turn off the radio

From life's pain I'm not exempt I'm just lucky I can go

Some other place where there's a sun up high

Right in my face for once in a lifetime

I'm not a slave, I'm not a captain honey

I'm not dancing for money

E a d

I'm not a slave, I'm not a captive

E a d

I'm not in chains or nailed to a cross

E a d

One thing's for sure one thing is certain honey

E d e d

I'm not dancing for money I'm not dancing for money

A d

Oooh not dancing for money (4 times) /pre>
