C d c d

There is always some advantage to be wielded and  
brought to bear

C d d

It's a lonely occupation keeping others out of your hair

C d c d

Fingers on all the switches talk in whispers talking soft

C d d

You know all my favourite bitches you know what gets  
me off

C d c d c

But try to reach a vital part of me my interest level's  
dropping rapidly

C d c

It's all excuses baby all a stall I just don't get excited

I've been running round in circles and jump jump  
jumping out of cars

They put animals in cages specimens in jars

It's summer now there's no temptation and baby nails  
digging under skin

It don't give me the right sensation it's just another  
thing

You try to reach a vital part of me my attention span is  
dropping rapidly

C d c

It's all excuses baby all a stall we just don't get excited

D c d

Don't get excited no don't get excited don't get excited

Bridge

Em am7

Talk about it talk about it all night long

Think about it think about it nothing's wrong

Don't get excited don't get excited don't get excited c

Don't get excited don't get excited don't get excited

don't get excited

Solo over c d

Baby listen without thinking you better be without  
demands  
Now don't get edgy and don't start blinking and don't  
start making any plans  
You try to reach a vital part of me my interest level's  
dropping rapidly  
It's all excuses baby all a stall we just don't get excited  
Don't get excited no don't get excited don't get excited
