Capo at 2

Am

Let's talk about a criminal procedure

Am

Throw out the idea of illegal seizure

G am

Put a rope around somebody's neck

Let's hold some bastard up for example

Take his blood and a urine sample

Feed him garbage and make him pick up the check

Chorus

Well, here it comes here it comes, here it,

Here, here, here it comes again (twice)

While you were sleeping the neighbors crept in

Saw you were naked and called it a sin

The next thing you know... it's the next thing you know

Men they poked their heads in your kitchen door

Smelt something burning and they were sure

It must be the flag you were burning that's what they  
swore

Chorus repeat

They tell you the preacher was hypocritical

What they don't tell you is that he's typical

What he stands for is totally mythical

And as they lead him away he'll pray for you brother

With a Bible in one hand and playboy in the other

Imagine what he does to his mother

Chorus repeat

They tell you they wanna give the right to life

To millions of jerks who will live by the knife

Who'll beat up their children and beat up their wives

Now don't write poetry it's an offense  
Unless it falls to the right of the fence  
You'll wind up a victim of zero tolerance

Let's hold some bastard up for example□take his blood  
and a urine sample  
Remind him that man belongs down a man hole (three  
times) and then  
Ah yeah, get on down. /pre>
