Pre>e a e a e a e a

We work through the rituals and cover our poisonous tracks

E a e a e a e a

Making good use of weaknesses, horoscopes, rumours and facts

Inspired by the needles and pins and the pains in the heart

With no control over the chemistry that brings us then tears us apart

A a c#m

Now we're as hard, as hard as nails

C#m a e

Laugh at the butterfly that's just been impaled

E a b a

We're always running and don't know what we're running from

A b c#m

We're always sweating bricks

E a b a

The only time the world makes sense to us is when we come

A c#m a c#m a c#m b

Love is a burning, love is a burning□love is a burning question

B e e a e a

On the tip of your tongue, baby baby

I'll endlessly make you and endlessly become remade
I'll endlessly search for your heart with a carnal switchblade,

As we thrash in the heat in an effort to beat up the world

Then we loose our identities replace them with diamonds and pearls

Don't be as hard as hard as nails

You might be born to win and then your heart fails

Get on my wavelength understand my driving force

It's sin and sin alone

I wouldn't lie to you unless I had to of course

Love is a burning, love is a burning□love is a burning

question
Don't answer no
A c#m a c#m
Don't make me take a look just let me off the hook
A c#m a e
I've seen the future of rock and it sucks, yeah, it sucks

I've used you you're bleeding I know but don't be afraid
It's only a wound only a wound from a carnal
switchblade
We're always running and don't know what we're
running from
We're always so convinced
But the more we run the more it just slips through our
fingertips

Last chorus
Love is a burning, love is a burning□love is a burning
question
On our lips baby baby

(repeat last chorus and then fade "on our lips") /pre>
