G C

I break a heart in a thousand places, she makes a slur
against other races

G C D

He rejects all of the unpretty faces, sticks them full of
knives

G C

I take a shot at birds flying south, he takes the gun
barrel into his mouth

G C D

She takes a rope and ties up the house, with the kids
inside

G C

They just want to curl right up and die

G Am D

Them and us are only passing by

G C D Em

Hey Hieronymus I know where your garden grows

F C D

I know where your bloody roses bloom

G C D Em

Hey Hieronymus Tell me what delights there are

F C D

Right outside this window or inside this room

G C

Just taste the odor of burning skin, the pitchfork
tongues and the rot within

G C D

The torture victim's wiped-out grin nothing can erase

G C

Somebody's pouring salt on a wound, scooping out
monkey's brains with a spoon

G C D

Working on warfare up on the moon, that's the latest
phase

G C

We just want to curl right up and die

G Am D

You and me are only passing by (CHORUS)(GUITAR
SOLO)

G C

Germans and Turks and English nerks spew out of

doorways going beserk
