Intro c d f am c d am

Am am g d

Cold night air everywhere, holes in my feet and bats in
my hair

Am g d

Tv meals scattered round, glazed up eyes rolling
through town

F g am d

And when night black me out in a flash I found out

F g c d f am

Lovers get caught just the same in the thunder and rain

C d am

In the thunder and rain

All I heard empty words, but empty words don't count
Devil's home spikes and bones ain't worse than
loneliness and doubt

And the long corridor push me on to your door

But I got caught just the same in the thunder and rain

Am am am am

Thu under and ra a ain, thu under and ra a ain

Am am am am

Thu under and ra a ain, thu under and ra a ain

G d

I thought your love would pull me through

F am

So I left my coat at home with you

G d

But when the door shut tight on you

F g c

Lovers get caught just the same in the thunder and rain

Lightning cracked I fell back, hail dropped like bullets
through the air

Am am g d

Pull me in by my skin give me the strength to go out
there
