With lovers in wait, who were teh lucky ones
Left outside the scene
You know what I mean, they were the fortunate
Forgotten in your in between

No leash, no lead and no tether
With the conscience the weight of a feather

Hey, what can I say, it was all for the ride
And now I'm fit to be tied to you
What can I do, I can't run and hide
With you forever being tethered to me
Why should it be, I was along for the ride
And now I'm fit to be tied to you

Held down by the weight
And I'm wrapped in another one
This elastic leash
Is joined at the hip,
Every trip brings another on
And to say the least

I am bound to be bound to one lover
With no room to breathe, no room to recover

Hey, what can I say, it was all for the ride
And now I'm fit to be tied to you
What can I do, I can't run and hide
With you forever being tethered to me
Why should it be, I was along for the ride
And now I'm fit to be tied to you

I am bound to be bound to one lover
With no room to breathe, no room to recover

Hey, what can I say, it was all for the ride
And now I'm fit to be tied to you
What can I do, I can't run and hide
With you forever being tethered to me
Why should it be, I was along for the ride
And now I'm fit to be tied to you
