You asked me if I always thought that I was right
I told you No, but maybe I was wrong
Its just that whatever I say I believe
And if I believe it, I think that it's right, you know
But I also believe in humility,
And I believe
[Chorus]
I've got a long way to go
Before I will love you right
If you're losing to win
I don't want to fight
But I don't want you to go
And I won't ever tell you I told you so
Even though I did my dear
There ain't no such thing as being half right here
But is this what you wanted to see
Me ashamed for feeling all right
You win, I don't want to talk about it anymore
Alright you win
You asked me if I ever thought we ever loved
I told you No, but maybe I was wrong
Its just that whoever you loved you left behind
You left them behind cause you thought it was right, I
know
But I also believe we got to live like we are loved
And I believe
[Chorus]
You asked me if I ever thought I could apologize
And I told you "Maybe I was wrong"
Its just that whenever you talk just to tell me
That I ain't listening. that's so hard to hear, you know
But I'de like to think that I'de do anything for you
And I know
I got a long way to go, but I will love you right
If you're losing to win, c'mon and fight
Baby I don't want you to go
And I won't ever tell you I told you so
Even though I did my dear
There ain't no such thing as being half right here
But is this what you wanted to see
Me ashamed for feeling alright

You win, I don't want to talk about it anymore
Alright you win, I'm sorry
Alright you win
