"Make A Wish"

I wish I had a magic wand
To make wishes all come true
Help our troubled world along
Time to come to its rescue

chorus:

Make a wish, make a wish
Make it come true
Make a wish, make a wish
Your dreams pursue
It starts with me and you

No more walls to separate
No more laws to segregate
Enough food under the sun
Homes and hope for everyone

repeat chorus

Find cures for all disease
Forest growin' brand-new trees
Need clean air for us to breathe
Purify our lakes and seas

repeat chorus

One big global vision
Spinning out in space
We are all connected
With the human race

Racial peace, equality
Say goodbye to bigotry
Crowds and violence disappear
Love replaces hate and fear

repeat chorus

No more wars just harmony
In God's grand community

Keep our children home at last
All this craziness must pass

repeat chorus

Finding cures for all disease
Forest growin' brand new trees
Help our troubled world along
To make wishes all come true
