1-2-3-4

The girl that I would like to meet was in my dreams last night

(was she beautiful?)

She laughed and kissed me on my cheek I held her close and tight

But when morning came I was lying on the floor

When will I ever find that girl I'm lookin' for?

Someone oh someone oh someone to love

That's what I really need

Someone oh someone oh someone to love

I'm tired of makin' believe

I'll take all my money and spend on you honey

Yeah yeah yeah yeah

(makin' me a clue? ?) where's our rendezvous?

Yeah yeah yeah yeah yeah yeah yeah

Searchin' since I turned 19 tryin' to find my love

(oh where a-are you?)

Placed an ad in magazines and single bars I shove

(what to do?)

The special girl who'll love me and make everything alright

The special girl who'll hold me through the long and lonely night

Someone oh someone oh someone to love

That's what I really need

Someone oh someone oh someone to love

I'm tired of makin' believe

I'll take all my money to spend on you honey

Yeah yeah yeah yeah

(makin' me a clue? ?) where's our rendezvous?

Yeah yeah yeah yeah yeah yeah yeah

I hope I find her soon

Maybe this afternoon

I'm waiting to share

My love with that girl
Ooo

Someone oh someone oh someone to love
That's what I really need
Someone oh someone oh someone to love
I'm tired of makin' believe

I'll take all my money qnd spend on you honey
Yeah yeah yeah yeah
(makin' me a clue? ?) where's our rendezvous?
Yeah yeah yeah yeah yeah yeah yeah

Someone oh someone oh someone to love
That's what I really need
Someone oh someone oh someone to love
I'm tired of makin' believe

Someone oh someone oh someone to love
That's what I really need
Someone oh someone oh someone to love
I'm tired of makin' believe

Someone oh someone oh someone to love
