I take big dreams to extremes, nothing's going to
stand in my way
I'm the live wire, I'll take you higher, don't tell me what
to do or say
Not today, tomorrow, the pain, sorrow
I'm living with it day to day
Don't even think about it now, it doesn't matter anyhow
You know I'm gonna do it anyway, hey
I got it hangin' on my hip, I got it hangin' on my hip
I'll make you believe, my heart ain't pinned to my
sleeve
Hangin' on my hip
You better face facts, no turning back
You won't find me waiting in the wings
I'll take a heavy hand, to a better plan
I'll be right here when the bell rings
Today, tomorrow, the pain, sorrow

You know that it's sad but true
Well, if they had a heart, I'd be tearing it apart
Ya see I can put together two and two, hey
Hangin' on my hip, you wanna see it
It's hangin' on my hip, hangin' on my hip
I got it hangin' on my hip
I got it hangin' on my hip, yeh, it's hangin' on my hip
I got it hangin' on my hip, hangin' on my hip
I got it hangin' on my hip, yeh, it's hangin' on my hip
Hangin' on my hip, hangin' on my hip
