I wish that i could say i am a perfect man
One day i decided i would think on this,
I wish sometimes that i would not be who i am

Not knowing if faith and pain could co-exist:
Could i ever on my own conceive
Of someone i did not know, but i need?
I must be made to be at peace and communion

'cause there must be some place somehow from where
I have fallen

Chorus

I find through every ounce of pain i feel
That my mind cannot deny that God is real
Leaves me in conclusion that i know the way

The inconsistency of what i say i should be
Compared to what i am in actuality
Though i am unable to always obey

My soul's hunger for a deeper life
Nothing in this world has satisfied
The weight of my misdeeds were crushing, blinding
me
I still live with pain inside but now i see

- Solo -

- Chorus -

The peices of my life are scattered on the floor
I stared at them till i could take no more
I do not deserve to be set free
Forgiveness is what i desperately need

If it wasn't for the perfect blood was shed
Would i not be dead inside but i live instead

- Chorus (2x) -

Believe through all my tears i know my faith's still here
