"Wake Up"

Wake up - you think you're having fun,
Wake up and see what you have done.

What do you think you are gonna do when you find out
what you're really going through?
When there's no one else around,
When there's no one to be found.

But don't you be too late,
There is no certain date,
Please don't hesitate,
You might just be too late,
What are you gonna do?

Oh, why don't you wake up and see what's going on?
Wake up before your time is done.

Wake up - you think you're having fun,
Wake up and see what you have done.

There's a time that comes in everybody's life when you
can't tell what you think is wrong or right,
Don't you know that you're alone?
Noone makes it on their own.

Don't you know you tried?
But you're never satisfied,
That's because of pride,
Behind that's where you hide,
What are you gonna do?

Oh, why don't you wake up and open up your eyes?
Wake up - why can't you see the lies?
