He threw it all away  
But that's not the way he's seeing it  
He picked a hell of a road to go his own way  
He took a shortcut through a dead end to find a better  
place  
He turned a hard life's last chance into amazing grace

It was a cold day  
He had a hot night  
With a head full of this  
And a soul needing that  
And now you can't go back

From your cocoon you can turn into a butterfly  
Oh, but only once  
Watch it fly on by, bound for the brightest day  
Is there glory in his story or will he just fade away?  
Bold be the move he made but taken was the price he  
paid

It was a cold day

He had a hot night  
With a head full of this  
And a soul needing that  
And now you can't go back

Desperate for a lullaby  
Baby boy, you made your mama cry  
She said, "You lie"  
She said, "You lie"

God save my baby boy  
My baby boy  
My baby boy  
My baby boy

It was a cold day  
He had a hot night  
With a head full of this  
And a soul needing that  
And now you can't go back

It was a cold day  
He had a hot night  
With a head full of this  
And a soul needing that  
And now you can't go back  
You can't go back, you can't go back
