Tip toeing along the line  
Just in case you're not fine  
I'll give in to your needs  
'Cause this just might be what you need

Even though it's unknown  
Where the two of us would go  
And the darkness  
Will have to see through

'Cause I'm bound by love  
And I'm thinking of what could be  
Where there's a will there's a way  
So will you come out and play?  
With me, with me

For every troubles caused by me  
I'll give you space but you know where I'll be  
Waiting just to dry your eyes  
It's so easy to find our way back once you try

Even though it's unknown  
Where the two of us would go  
And the darkness  
Will have to see through

'Cause I'm bound by love  
And I'm thinking of it what could be  
Where there's a will there's a way  
So will you come out and play?  
With me, with me

The motion of emotion  
Is the flow I feel  
And the whispers of the future  
Now keep charming me  
Keep charming me

'Cause I'm bound by love  
And I'm thinking of it what could be  
Where there's a will there's a way  
So will you come out and play?

With me, with me, oh

'Cause I'm bound by love  
And I'm thinking of it what could be  
Where there's a will there's a way  
So will you come out and play?  
With me, with me, yeah  
With me, with me
