People talk  
And you just wonder around  
With all the thoughts in your head  
You can't remember a word you said  
But it looks like you've made it through  
You've been feeling strange inside  
Just like you sometimes do  
And it's not that I'm not surprised  
I just always kin of knew  
Tell him to stay behind this time  
Cause you've made your decision  
Don't you wish you could  
Make it last this time  
Tell me what's on your mind  
It's not easy to keep a smile  
When everything changes side  
You keep telling me that you're fine  
But you don't know your left from right  
Something got you in it's sway  
And you don't seem to mind  
Cause you know that nothing's lost  
By starting a brand new day  
Tell him to stay behind this time  
Cause you've made your decision  
Don't you wish you could  
Make it last this time  
Tell me what's on your mind  
What's on your mind  
Tell him to stay behind this time  
Cause you've made your decision  
Don't you wish you could  
Make it last this time  
Tell me what's on your mind
