So now you think
Youve said it all
Well youve been around
And crashed into my walls
Just like you did
So many times before
The only difference is
This time I don't mind at all
You better listen now
Cause I want you to know
Youre lovely as you are
And I want you to know
There's always room in my heart
For a new start
Your lips are moving

Just like mercury
But not a word escapes
Your pretty painted mouth
So you light up another cigarette
Just to watch the smoke
Make rings around your head
You better listen now
Cause I want you to know
Youre lovely as you are
And I want you to know
There's always room in my heart
For a new start
