Welcome to where it all begins,  
a place that's full,  
of good luck and coincidents,  
My condition is cool  
but that's not the state i'm in,  
i lean my head against you now  
let the emptyness in..

Win or lose, i couldn't care less but i do  
twentyfive years  
and i'm still waitin for my cue  
explain my part  
in this game of hearts  
i think i've just fell through  
i lean my head against the wall  
waitin' for my call...

won't you follow my down  
cuz i can't send my ticket for another round  
we're just average  
and we're boring as hell  
runnin' in circles to find ourselves

we're average  
and we're boring as hell  
we keep runnin' in circles to find our way  
and we all have our time...

I saw you smilin'  
in Regent's Park in the afternoon  
With your hands in your pocket  
next to the guys with all the balloons  
explain my part  
in this game of hearts  
i think i just fell through  
i wish i knew who you we're  
so i can say...

won't you follow me down  
cuz i can't send my ticket for another round  
we're just average

and we're boring as hell  
running in circles to find ourselves  
we're average  
and we're boring as hell  
we keep runnin' in circles to find a way  
we all have our time..
