Put me under your spell
And let everything pass me by
Its not that I don't want
To be part of this
Hysterical delight
Its just that I'm out of time
And it feels like I'm stumbling now
I fall down
Wont you take me to places Ive been
And show me the view
While I'm falling
Don't leave me here
Alone and unprepared
Cause I'm falling
Losing it all
Oh what a thought
Though sometimes
I wish I'd get lost
Well I'm standing here
Thinking to myself
Its funny how
We never seem to get
Any closer to contentment

I fall down
Wont you take me to places Ive been
And show me the view
While I'm falling
Don't leave me here
Alone and unprepared
Cause I'm falling
Put me upon your hill
And tell me what's left to build
Do you know how good it feels
To be caught in the rain
With you again
Its been a while
And everything had turned like the mill
I fall down
Wont you take me to places Ive been
And show me the view
While I'm falling

Don't leave me here
Alone and unprepared
Cause I'm falling
