Monday morning,
Music's gone!

Been in this place for far too long
I've got no great expectations
I've got no plans or a place to fall

But it's alright
It makes no difference now
All the things we haven't done
We'll do some other time

With you I should have known,
We would make it
I don't worry now
So where do we go from here?
Just tell me something
I've been losing touch

Monday morning,
It's quiet now
All these faces are faded out
I'm slowly moving to nowhere
I can't explain, no, I can't express
All the things that are on my mind
It makes no difference now
All the things we haven't said
No need to say them now

With you I should have known,
We would make it
I don't worry now
So where do we go from here?
Just tell me something
Are we losing touch?

Look at you, look at you now
Oh you're not so innocent
Yeah, you're not so confident

Nothing's new, nothing has changed

Oh you still try to forget
All the things inside your head
Woo--oh.

With you I should have known
We would make it
But don't worry now

So where do we go from here
Just tell me something
Are we losing touch?

Oh it's alright
It makes no difference now
All the things we haven't done
We'll do some other time

Ooooh-oooooh, ooooh-oooooh,
Ooooh-oooooh, ooooh-oooooh
