I don't want to talk about it  
And all these things  
We should have said  
I can't keep my head above it  
I'm slowly drowning in my bed  
I just want you to be around  
When it all comes down on me  
Wont you show me how  
And wake me from my sleep  
I'm just waiting  
Anticipating  
Nothing at all  
I'm tempted like the punch

That's about to hit me  
Feeling guilty but I don't know why  
I'm sick of all these predictions  
Cause they're not really helping me  
I just want you to be around  
When it all comes down on me  
Wont you show me how  
And wake me from my sleep  
I'm just waiting  
Anticipating  
Nothing at all
