"She"

Weightless in her empty house
Nothing's like she said it would be
The snow will fall
And she will fall through the streets
Her moves are slightly unreal

She
She's got a twisted mind
She
She's gonna need more time

Push and pull cause there's not time
To make amends for all that's been said
Remember now the words she said
It doesn't seem to put anything
In its right place

She
She's got a very twisted mind
She
She's gonna need more time
She
She's got a very twisted mind
She
She's gonna need more time
She
She's gonna need more time
