Youve been on my mind
Too much thinking
Is my obsession now
Time has pulled me down
And silence is the only sound
That's coming out
Through the roof
And into the night
I'm slow burning now
As I move through the crowd
I'm burning slowly
Thinking only of you
I'm coming closer
I think Ive just seen the light
I picture everything
But my memory
Has failed me again
It all looks good
From over here
I'm in the backseat
With my friends again
Were going on
Through the night
Until morning comes

I'm slow burning now
As I move through the crowd
I'm burning slowly
Thinking only of you
I'm coming closer
I think Ive just seen the light
Good luck is only for some
Its written in the sky
Run faster baby run
Try not to lose your mind
If you see me coming on
Don't freeze and turn around
Don't freeze and turn around
I'm slow burning now
As I move through the crowd
I'm burning slowly
Thinking only of you

I'm coming closer
I think I've just seen the light
