Temped by the Yiddish shroom  
Mary, the cunt, accepts the semen  
Hairy rodent flesh gives her pleasure  
A lethal crime in this Roman time

Solemnly swore to keep the secret  
But who could believe the lie?  
Swine growing in her uterus  
Bloated and swollen the kosher beast

Horror and ecstasy, ashen parturition  
Monotheistic mutations, Satanicunt

Mother taught her child to hide  
No stones could pelt his highness  
For he said to cureth, with clay  
The eyes of a blind samaritan

Inhaler of the Holy Father's ghostly sperm  
Hole of low virtue and eternal rust  
She hatched an infidel out of her slit  
Raised to engage in apostle gangbang

Holy Mary mother of ZOG  
Satanicunt  
Horror and ecstasy, ashen parturition  
Monotheistic mutations, Satanicunt  
Holy Mary mother of ZOG  
Satanicunt
