in the wake of a blazing empire  
face the aeon of torrid fire

sound the trumpets  
war has begun  
gather our minions to render destruction

the abysmal gates are open...

rape the mother who bred the messiah  
ride the seraphs with namtar and idpa

bolt of levin cracks the earth open  
demons ascending to ravage the heavens

the hordes of darkness return...

with clashing cymbals and thunderous drums  
we call to the gods of abomination  
may our hearts be strong and filled with might  
to rend and lay waste the disciples of christ

set churches ablaze with scorching fire  
its embers are lost by flames of desire  
we raise our swords forged in pride  
on the primeval wings of chaos we ride  
armageddon! dominion!  
the holocaust has claimed its millions  
war, we are legion war! thy dark will be done

the tyrant must feel the extent of our hate  
shrieking in torment he'll greet his fate  
upon his throne infernal kingdom wrought  
the celestial body condemned to naught

those who oppose the heathen foe  
shall be cast to fathomless depths below  
darkness shall forever rule supreme  
from what once was it eternally  
conquest is granted  
our world without end
