If you find yourself looking for someone
To make good the bad things that you've done
Now do you think you're looking straight ahead?
And will you find the answer when you're dead?

Well, then you should listen now to me
And I'll tell you how I think it should be
No one tells you why you're here to live
This is why it's you who must forgive

(No)
You can't kill your brother
(No)
Because you love each other
(No)
You can't steal his pennies
(No)
'Cause you didn't leave him any

Ah, ah
Ah, ah

And if reason tells you not to live
But you feel there's something left to give
You can't leave this place until it's done
So you'll see one more risin' of the sun, sun

Sun
(You're gonna' see it one more time)
Sun
(Oh, you can't get away from it)
Sun
(You're gonna see it, oh, one more, just one more time)
Sun
