Did you ever have that feeling in your life
That someone was watching you?
He don't have no reason, that's right
But still he's there watching you

Someone is waiting just outside the door
To take you away, yeah
Everybody knows just what he's there for
To take you away, yeah

But, you don't know why he's been waiting
But, you don't know why he's been waiting
Spent too much time anticipating
Spent too much time anticipating, yeah

Did you ever think it could be you
That's just outside the door?
There's just one way to find out if it's true
So, what you waiting for?

Because get yourself together now, my friend

And step outside the pad
If there's no one waiting for you there, my friend
I think you should be glad

But, who wasn't there that you should look out for?
But, who wasn't there that you should look out for?
Get back inside your wall, and shut the door
Get back inside your wall, and shut the door

You don't have nobody, don't need nobody, can't love
nobody
You're better off by yourself
You ain't feelin' too bad, you're driving me mad and
say you're bad
You're better off by yourself

You don't have nobody, don't need nobody, can't love
nobody
You're better off by yourself
You ain't feelin' too bad, you're driving me mad and

say you're bad
You're better off by yourself
