I loved you baby
From the start
Loved you baby
Baby, with all of my heart

I need you baby
Can't you see
I love that little girl
Lord, you put a spell on me

I just want to testify
That I can't get by without your love

I told you baby
I's gonna love you
I said it girl
Now that's what I'm gonna do

Turn down the lights
I'm gonna show you how
Turn down your lights little mama
'Cause I'm gonna show you how, right now

I just want to testify
That I can't get by without your love

Ohh, baby
I said baby, baby
Would you do the same
Hey, baby, if I treat you right?

I don't mean maybe
When I tell you baby
If you're after me
I'm givin' up without a fight

I just want to testify
That I can't get by without your love
No, no, no, no, no, no
I just want to testify
That I can't get by without your love

Ohh, baby
I said baby, baby
I just want to testify
That I can't get by without your love, baby

Oh I, I just want to testify
I just want to testify
That I can't get by without your love
