I exist to do this it's on my wrist  
I resist with both fist and I don't miss  
You can run from wrath but you run from fact  
There's no way back if you choose that path  
All were bound but now some run free  
In streets of mercy where you find me  
Yes mercy streets where the lost walk found  
And nail pierced feet tread holy ground

(Chorus)

Here We Go, we're closer than yesterday  
Here We Go, where no soul is turned away

Here We Go, where pain is a memory  
Here We Go, where I want to be right now

I'm livin' with death inside  
Sin and righteousness side by side  
Life is Christ and him crucified  
I came alive when the old man died  
While I'm here I now I must try  
Tell the world that we all must die  
We await the same fait the fool and wise  
But nobody gets out of here alive

(Chorus)

There's hope for everyone
