We ride endless blackened waves  
To the land of our kin  
Snow lords, kings of northern seas  
Brought us home again  
True hearts gathering up our will  
Conquered what we chose  
Black wings lead us to the fray  
Gave us victory

Legions stood against us  
They tried to make us pay  
But never faltered or failed  
We are cunning - Ravens guide our way  
Crossfire lit the northern shore  
Never stopped our return  
Not force, driven by our fate  
Gave us victory

Legions stood against us  
They tried to make us pay  
But never faltered or failed  
We are cunning - Ravens guide our way

Black birds fly  
Guide us home  
Leave your throne
