"Drink To Moving On"

Moved on to clear the air,
Just to be alone,
We're perfect on our own,
Settle down,
Try not to clean it up,
I'm ready in my time,
I'm here i'm doing fine,
Settle down my friend.

Stepped on my toes and let me down,
Been sending messages around,
Not quite ready now.

No need to bottle up,
It's over and it's done,
Let's drink to moving on.
Settle down my friend.
Settle down my friend.

Stepped on my toes and let me down,
Been sending messages around,
Not quite ready now.
