I spent a lot of time
I spent a lot of energy
Set in my mind
Set in my ways
Sitting here lonely
Keeping my space
And holding my own key
Making my way
Making my list
Of the things i dont need
Like a woman
Or a heartbreak
But woman you showed me that thinking that way is

Overrated
Overrated

I put a lot of stock
In keeping it easy
Changing my mood
Changing my socks just to suit me
Limiting myself to casual kissin
Never had a problem
Easily dismissing any woman
Or complication
But woman you showed me that thinking that way is

Overrated
Overrated

Having no pictures to clutter the walls
Or anyone angry if i forget to call
Freedom and room and time alone
I'm telling you
They're all
