We want it, let's take it
We're going deeper inside
To change the pattern, let's make it happen
You know it's only a ride

This time there's no mistaking
It's not your mind
It's your money I'm taking
It's not our problem, yeah

That's inconceivable
Man why can't I have it all
It's keeping us all alive
Till it all comes tumbling
Till it all comes tumbling down

Wake up in your own mind
Don't sing along with me
Do anything, it's alright
Don't sing along, don't sing along with me

We've got it, you crave it
We're going deeper inside
To change the pattern, to make it happen
A sonic bomb for your mind

TV was a lame invention
Just selling you crime prevention
Burn down your station, yeah

Turn off 'cause the radio's rocking
Now days just nothing's shocking
You know we just don't care
Till it all comes tumbling
Till it all comes tumbling down

Wake up in your own mind
Don't sing along with me
Do anything, it's alright
Don't sing along, don't sing along with me

Wake up in your own mind

Don't sing along with me
Do anything, it's alright
Don't sing along, don't sing along with me

Wake up in your own mind
Don't sing along with me
Do anything, it's alright
Don't sing along, don't sing along with me

Wake up in your own mind
Don't sing along with me
Do anything, it's alright
Don't sing along, don't sing along with me

Wake up in your own mind
Don't sing along with me
Do anything, it's alright
Don't sing along, don't sing along with me
