Grand Theft Audio "We Luv U"

We're punked up, funked up Dead from the neck up We've hijacked the decks The world is gonna be next

We wanna wreck the town With the infidel rocket We love that you love us And you know it

We love you

We love you We love you We love you We love you

No brakes but you know We've got a radio You gotta move when we're Rocking on your stereo

We wanna hit the town With the infidel rocket We love that you love us And you know it

We love you

We love you We love you We love you

We love you

We wanna hit the town With the infidel rocket We love that you love us And you know it

We love you

We love you We love you We love you We love you

We love you

We love you We love you We love you

We love you

We love you We love you We love you We love you

We love you We love you We love you
