"Waste Of Time"

Sometimes I worry 'cause I never did ask in highschool
Whoa oh oh oh oh
I was always worried that maybe I'd be a little more
cool

When I sit down and figure out what went wrong
I never really had the time
It's a waste of time to think about it
(It's a waste of time to think about it)

Sometimes she worries 'cause she never worked hard
in highschool
Whoa oh oh oh oh
She was always smoking in the parking lot and tryin' to
be so cool

When she sits down to figure out what went wrong
She never really has the time
It's a waste of time to think about it
(It's a waste of time to think about it)
(It's a waste of time)
