And liars got that corner now
And they've got flyers everywhere
With ex-school treasurers for hire
And whitesnake riffs dressed up like Sid Viscosity...
Viscosity

As lice is living in your practice room couch
You're not the only one who's doing without
"Yo Dad" the Doctor's son punk rocker shouts
Dad, the A.C.'s broke in our hardcore punk rock
vacation...
vacation rehearsal house

Now, now, now... Now, now, now... Now, now, now...

I'm sure it's just the thermostat
I'll get right on that
I'll buy your band a few twelve packs
But your mother wants her bracelets back
clack, clack, clack... clack, clack, clack...
shhhhhh
