This is how it always starts  
All order falls apart  
Okay, so who put this key in the mix?

Things were stable yesterday  
But now they're blown away  
Oh, shit, I can't let them see me like this

Nothing sweet, nothing nice  
Nothing kiss, only fights  
Nothing clear, nothing bright  
Nothing I'll feel tonight

Nothing great, nothing good  
Nothing is as it should  
Nothing rad, nothing right  
Nothing I'll feel tonight

This is how it always starts  
Dumb choices from the heart  
Oh, shit, I can't let them see me like this

Nothing sweet, nothing nice  
Nothing kiss, only fights  
Nothing clear, nothing bright  
Nothing I'll feel tonight

Nothing great, nothing good  
Nothing is as it should  
Nothing rad, nothing right  
Nothing I'll feel tonight
