Written by Keith Thomas, Amy Grant & Beverly Darnall

We are all the same it seems
Behind the eyes
Broken promises and dreams
In good disguise
All we're really looking for is somewhere
Safe and warm
The shelter of each other in the storm

Chorus:
Maybe one day
We can turn and face our fears
Maybe one day
We can reach out through the tears
After all it's really not that far
To where hope can be found
Maybe one day
We can turn this world around

Who can trace the path of time
Not you or me
The twisting road we call our lives
We cannot see
The hunger and the longing everyone of us
Knows inside
Could be the bridge between us if we try

(Repeat Chorus)

After all it's really not that far
to where hope can be found

Chorus:
Maybe one day
We can turn and face our fears
Maybe one day
There'll be laughter in our tears
After all it's really not that far
To where hope can be found
Maybe one day

We can turn this world around

We can turn this world around

Maybe we can, one day, turn this world around

Oh, let's turn this old world around
