"Song Of The North"

On the edge of a dream
or up in the air with the ice flow glowing
you and the last stop between the soul of earth and
heaven

And the wine of the wind
is a friend guaranteed worth knowing
when the rain falls again
let it slide, slide, slide
here in the wild where spirit dances
and the song in the north is a serenaded view.

Hey, Hey there
more beautiful place on earth the
whole world is awake beneath the sun.

On the edge of a dream
or of a future unscarred by sorrow
here and the last stop between
now nor tomorrow
now nor tomorrow
now nor tomorrow

Here in the wild wind spirit dances
and the call of the north is a serenaded view.

Hey, Hey there
more beautiful place on earth the,
whole world is awake beneath the sun.

Hey
Hey there
More beautiful place on earth the
whole world is awake beneath the sun

Hey
Hey there
More beautiful place on earth the
whole world is awake beneath the sun

Beneath the sun

Beneath the sun
Beneath the sun
