Babe...

How can you mend a broken heart?

Oh, you're tearing me apart

Thousand drums played in my mind...

Take...

It off him, put it on me

Oh, I'm feeling so lonely

And I'm holding back my tears...

I don't wanna a doctor for my heart

Oh, I wanna try a brand new start

I don't wanna a doctor for my heart

Oh, I wanna commander of my love...

I don't wanna a doctor for my lonely heartache

My heart believes a lovely lady

Can take a chance of love...

I...

Can give you anything but love

Take this chance from your heart

Thousand drums played in my mind...

Babe...

I'll never try to work again

Don't put my love in a dirty bag

Until it ends there is no end...
