Heart On Fire

Verse 1:

I was thirsty, then you gave me water.
I wasn't hearing, But you spoke louder.
Waves of love, wash over me. In a new direction
because I'm free.

Chorus:

I'm catching on fire. That's how I describe, My heart
when your touch, made it alive. Oh yea
I'm shedding this skin for something new. Concrete
and based on you. Breath in, Breath out, and breathe
on me.

Verse 2:

I was tired and half asleep.
But you inspired, and wakened me.
My dreams are closer than they ever seem. I can do all
things, with Christ in me.

Chorus:

I'm catching on fire. That's how I describe, My heart
when your touch, made it alive. Oh yea.
I'm shedding this skin for something new. Concrete
and based on you. Breath in, Breath out, and breathe
on me. x 2
