Stuck in what I fell into
Left praying for rescue
I guess it didn't get through to you
But now I'm starting to see
The problem may be me
And everything I'm holding onto.

Fresh start, I'm giving you all of me
My heart is tired of being empty

I know Your love is so satisfying
But I can't feel a thing even though I keep trying
Come light this dark
Come change everything
And Rewrite My Heart
I know Your love is stronger than mine
I can't get away even though I keep trying
Come light this dark
Come change everything (Woah)
And Rewrite My Heart

Caught but not catching on
To what Your love has done
No change, I push the blame on everyone
But wait You say you never leave
The problem must be me
And everything I'm holding onto

Fresh start, I'm giving you all of me.
My heart is tired of being empty

I know Your love is so satisfying
But I can't feel a thing even though I keep trying
Come light this dark
Come change everything
And Rewrite My Heart
I know Your love is stronger than mine
I can't get away even though I keep trying
Come light this dark
Come change everything (Woah)
And Rewrite My Heart

Hold me in Your arms, don't be far
Fasten and secure, my heart to Yours.

I know Your love is so satisfying
I can't feel a thing even though I keep trying
Come light this dark
Come change everything
And Rewrite My Heart
I know Your love is stronger than mine
I can't get away even though I keep trying
Come light this dark
Come change everything (Woah)
And Rewrite My Heart
