

Grapes Of Wrath "Black Eye"

She's got a black eye
I saw her try to hide behind her hair
She's got a secret
But couldn't keep it hidden from her stare

Was it his drinking?
His f\$#@ed upbringing
That you're made to wear?

(Refrain:)
Didn't mean to see
and where
What does it have to do with me?
Nothing really but it's just that you remind me of
Someone I used to know

She's got a black eye
And as I noticed, she was gone
'S two people passing
The memory lasting for forever long

So was he sorry?
Or did he somehow justify the wrong?

(Refrain x2)
