No, no! she cant take your mind and leave
I know its just another trick shes got up her sleeve
I cant believe that she really wants you to die
After all its more than enough to pay for your lie

Wait a minute, watch what youre doin with your time
All the endless ruins of the past must stay behind, yeah

Well, cant you see that youre killing each others soul
Well, youre both out in the streets and you got no place
to go
Your constant batters are getting to be a bore
So go somewhere else and continue your cream puff
war
