Good, good morning, so good to see you werent just a  
dream of mine  
Real as a raven, real as thunder, real as the sun shinin  
But still so very undefined  
Cant imagine whats behind those sleepy eyes

Little stranger, dont try to hide now  
You look so young when youre afraid  
There is no danger, but from the devil  
He may want you, but Im in his way

You dont know how easy it is  
You dont know how easy it is to love you

And come the moonrise when the dew falls  
Dont be the sun that fades away  
Dont leave me darkness, shes no lover, she hides the  
day
