Awoke today, felt your side of the bed;
The covers were still warm where you been layin.
You were gone, oh gone, my heart was filled with
dread;
You might not be sleeping here again.
But its all right cause I love you, and thats not going to
change.
Run me around and make me hurt again and again.
But Ill still sing you love songs, written in the letters of
your name.
The rain is gonna come, oh it surely looks like rain

Did you ever waken to the sound of street cats making
love?
You guess from the cries you were listening to a fight.
Well you know, oh know, haste is the last thing theyre
thinking of.
You know theyre only tryin to make it thru the night.

I only want to hold you, I dont want to tie you down
Or fit you in the lines I mightve drawn.
Its just that i, oh i, have gotten used to havin you
around.
The landscape would be empty, if you were gone;
But its all right cause I love you, and thats not going to
change.
Run me around and make me hurt again and again.
But Ill still sing you love songs, written in the letter of
your name.
The rain is gonna come, oh it surely looks like rain.
