Baby, baby
I'm right where I wanna be
Baby, baby
Don't let love make a fool of me
Aye, I really want it
Aye, I really need it
Oh, my body just wanna lie
Yeah, I can feel it
When you try to feel me
Oh boy I just wanna die

When you got one to the head
And then one more to the heart
Will make me feel alright
Oh wont you come set me free
With me and my misery
And make me feel alright

Alright, Love Gun!
Oh you got me baby!
Love Gun!
Oh you got me baby!
Whoohoo!

Baby, baby
Are you ready for the show now
Baby, baby
Oh tonight it's gunna go down
Ain't no use in running
Ain't no use in hiding
I'm wanted dead or alive
If I promise to surrender
Will you love me tender
Or will you let me survive

When you got one to the head
And then one more to the heart
Will make me feel alright
Oh wont you come set me free
With me and my misery
And make me feel alright

Alright, Love Gun!
Oh you got me baby!
Love Gun!
Oh you got me baby!
Whoohoo!

He's a hunter, now I say
Wonder how long he's been worked today
Doesn't miss once he takes aim
Cock back the hammer and BANG!

Love Gun!
Oh you got me baby!
Love Gun!
Oh you got me baby!
Whoohoo!

Love Gun!
Oh you got me baby!
Love Gun!
Oh you got me baby!
Whoohoo!
