"You Don't Have To Ask"

If you wanna know what time it is, you dont have to ask
If you wanna know what something is, you dont have to ask

If you wanna know whats real or not, you dont have to ask

If you wanna know what time is now, you dont have to ask

You dont have to ask, you already know

If you wanna leave just close your eyes, you dont have to ask

If you wanna go and lose your mind, you dont have to ask

If its peace that youre looking for

You got the key to every door, you already know

If theres a way out youll find out and free all and be all beyond

You never wonder what sky you been under that made you forget all this time

If youre looking for it, you dont have to ask

You can see it plain as day, you dont have to ask

If you try to find us true, just take a look at you, you dont have to ask
